REVIEW AWARD BATCHES

Whenever you upload an award batch to the Centre, whether as an award file, or manually entering the awards directly online via the CPAR or Sundry Award screens, it is a very good habit to get into to check that the awards you think you have uploaded, have in fact been successfully received by the Centre.

The easiest way to do that is to click on the option **List Award Batches** located under the **Clubs Only** section of the website. This will allow you to view all your batches you have uploaded. Not only for the current month (which you can edit or delete if not already approved), but also for all your previous months batches as well (which are frozen after an end of month is complete).

If a current months batch has already been approved when you check it, and you want to edit/delete that batch, you will need to contact the Centre to have the batch first unapproved.

Once the batch becomes unapproved again, you will then be able to delete that batch and replace it with your corrected version.

Below is a breakdown of Grand Masters. At the same time last year there were 41 Emerald/Gold, 180 Silver and 747 Grand Masters, with 968 in total. That means there has been an increase of 40 Grand Masters over last year.
