REGISTRATION CARDS

Your digital registration card is now available in MyABF. In a recent MyABF release, this feature has now been installed into production.

After logging onto the MyABF website (www.myabf.com.au), simply click on the **Masterpoints** option on the left-hand menu. Then under the **Summary** section on that page you will see a new box:

ABF CARD DOWNLOAD.

Then click on this box and your new MyABF digital registration card will be displayed. Once the card is displayed you can then print the card if you require a physical copy.

Note: The digital card is only one-sided, and the normal Master Rank information which appeared on the back of previous cards is no longer printed.

GMAIL USERS

Any gmail users that are having trouble receiving emails from the Centre might want to try the following suggestion from our technical staff:

"I noticed in a forum that the new Gmail restrictions causing emails not being received can be resolved simply by having the recipient include your sending email address in their Google contacts list. As your From and Reply To addresses are different, it might be good to have them add both. I'm not sure that this will work but it is a very simple workaround if it does. It might also explain why not all Gmail people aren't

receiving your broadcast emails. It might be worth a try..."

No guarantee this will fix the problem for you but it might be worth a try. Otherwise you will need to go onto our website and view/download a copy of any reports emailed to you via the online option **Show Club Documents**.

MIGRATION TO MyABF

The Centre has recently been involved with a few weekly meetings where the ground work is being developed to migrate the current ABF Masterpoint Centre into the ever expanding MyABF application.

The group consists of the MyABF team, the Masterpoint Centre team, the ABF Accountant and ABF IT support staff.

It is early days yet, but the basic requirements are being developed each week at these workshops. There is also a planned meeting in August with the developers that are currently supporting MyABF. It is this company that will be doing most/all of the actual programming to migrate the Centre into the MyABF world.

A go-live date is yet to be determined at this stage.
